How do I set up recurring donations for online giving?

Setting up recurring donations online with Givelify is quick and easy.

1. Visit your organization’s profile as you normally would, then tap the green “Give” button.
2. Select your donation amount, or choose your own amount.
3. Under “This gift is for,” select “Pledge/Offering.” (If you wish to give a recurring gift for another program, you may select that one.)
4. Tap the “Set Recurring” button.
5. Select how often you want to make this donation: daily, weekly, every two weeks, 1st and 16th, or monthly.
6. Tap the green “Give Now” button, and your chosen amount will be automatically donated at the frequency you chose.

Keep in mind that a one-time donation for your chosen amount will be processed immediately. Recurring donations begin on the chosen date.

Your receipt screen will show that this is a recurring donation, with the next scheduled donation date.
